## APPLICATION

## FEATURES

## CARE & MAINTENANCE

- Do not use chemical cleaners and polishes, they damage the product.
- These Panels will withstand normal wear and tear but can be damaged by scratching or cutting with utensils, knives and other sharp objects. To minimise scratching, always place and lift objects the surface-never drag or slide them across the surface.
- To remove dirt use any microfiber cloth with clean water.
- To avoid bubbles in future, the air needs to be removed by the applicator with a soft pad.
- Use MDF, HDMR, WPC, PVC Boards in the base for better results.
- Don't use masking tape.
- Do not roll.

**Note :** Artglo warrants that all its products are free from manufacturing defects and perfectly ideal for use in normal conditions. In case of any manufacturing defect we are liable for product cost only.
