THE MODERN MATERIAL OF THE LOUVRES IS WATERPROOF, AND THEREFORE YOU CAN SUCCESSFULLY USE THEM NOT ONLY IN A LIVING ROOM OR BEDROOM BUT ALSO IN A BATHROOM, SPA ZONES OR OTHER AREAS EXPOSED TO MOISTURE.

THE THREE-DIMENSIONAL CHARACTER AND INTERESTING COLOUR SCHEME OF THE SLATS MAKE IT POSSIBLE

TO DECORATE THE INTERIOR IN LINE WITH THE LATEST TRENDS.

THE LIGHTNESS OF THE MATERIAL FROM WHICH THEY ARE MADE MAKES IT EASIER TO INSTALL THEM BOTH ON WALLS AND CEILINGS. A WALL COVERED WITH PANELS INCREASES SOUND INSULATION, ELIMINATING REVERBERATION IN THE ROOM.

*VARIOUS STYLES, PRIVATE CUSTOMIZATION*

The modern material of the louvres is waterproof, and therefore you can successfully use them not only in a living room or bedroom but also in a bathroom, spa zones or other areas exposed to moisture. The three-dimensional character and interesting colour scheme of the slats make it possible to decorate the interior in line with the latest trends.

The lightness of the material from which they are made makes it easier to install them both on walls and ceilings. A wall covered with panels increases sound insulation, eliminating reverberation in the room.
